RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

This comes in response to the Notice to File Corrected Application Papers dated 10/19/2001, which requires substitute drawings in English since some of the drawings (Figures 2 and 14) contain characters in Japanese.

The Applicant respectfully traverses this requirement, for the following reasons. The present invention is concerned with an image processing apparatus. Figures 2 and 14 of the Application illustrate images in Japanese printed on a slip. Figures 2 and 14 illustrate images to be processed, and are not considered to be text in Japanese. Further, since the invention is an image processing apparatus, the actual meaning of these characters is not material to aid one's understanding of the invention.

Therefore, the Applicant respectfully requests that in view of the above, the Figures containing Japanese characters be accepted as filed.

Further, please note that the Notice to File Corrected Application Papers is dated 10/19/2001, with a response due on 12/19/2001. However, this was not received by the undersigned until December 3, 2001 (presumably due to the anthrax situation). A Petition to Restart Previously Set Period For Reply Due to Late Receipt was filed on December 5, 2001. Assuming this Petition is granted, no fees are required. Otherwise, please charge our Deposit Account is indicated below.

If there are any additional fees associated with filing of this Response, please charge the same to our Deposit Account No. 19-3935.

Respectfully submitted,

Jon Muskin
